Email Subject Line: Important: WTIA Health Program Transition to Universal 1/1 Renewal

Hi (Broker Name),

The WTIA Program is transitioning to a universal renewal date of January 1st.

To support this transition, we will implement adjustments in 2025 and 2026 to gradually align all groups with the new January 1 renewal cycle. For details on how this impacts your new and existing WTIA clients, please refer to the information below or consult our [FAQ](#).

Renewed and New Sold Business with effective dates between 2/1/2025 - 5/1/2025

- Your client will renew 12 months from their initial effective date. At that time, they will be offered a short contract that will end on December 31, 2026.

Renewing and Future New Business with effective dates between 6/1/2025 - 12/1/2025

- Your client will be provided with a short contract ending on December 31, 2025 and your client's renewed or sold 2025 rates will be guaranteed through December 31, 2026.

We're committed to making this transition as seamless as possible.

Thank you for being a valued partner.

Sincerely,

WTIA Health Benefits Team
