

Put Your Eyes at Ease with VSP LightCare

Why UV and blue light coverage?

Even if you don't wear prescription glasses, an annual eye exam is an easy and cost-effective way to take care of your eyes and overall health.

With VSP LightCare™, you can use your frame and lens benefit to get non-prescription eyewear from your VSP® Vision Care network doctor.

Defend your eyes indoors and out.

Wear blue light filtering glasses indoors to support a more comfortable viewing experience. Excessive blue light exposure from digital screens and fluorescent lighting may contribute to dry, tired, sore, and watery eyes, blurred vision, and headaches—all possible symptoms of eye strain.

Always wear sunglasses outdoors. Shield your eyes from the sun's ultraviolet rays that can damage your corneas and cause eye-related diseases like cataracts. 100% UVA and UVB protection is the best choice for your sunglasses.¹

Provider choices you want.

With thousands of locations—including private practice doctors, Visionworks®, and Eyemart Express retail locations nationwide, getting the most out of your benefits is easy at a VSP Premier Edge™ location.

	Get more at preferred in-network doctor locations	
		

Prefer to shop online? You can use your benefits in-network on **Eyeconic**®, the VSP preferred online eyewear store. Select from a wide selection of ready-made sunglasses and blue light filtering glasses for everyone.
